

# **Sacred Heart Catholic High School**

## **Curriculum Enhancement**

**Autumn 2025**

## Curriculum Enhancement

This programme shows you the range of activities in which you can take part at Sacred Heart Catholic High School.

The activities are scheduled for lunchtimes, after school and in some cases during school holidays. School visits are normally planned during term time.

If you take part, you can:

- Consolidate subject matter for exams
- Learn new skills or improve existing ones
- Take responsibility
- Represent the school
- Explore and develop your talents

It is important for you to show that in addition to good examination results you are prepared to take up your place in society. This booklet details your opportunities to become involved in a variety of activities.

If you have any further ideas for suitable activities, which are not in this programme please speak to Mr M Donnelly.

Make the most of your time at Sacred Heart Catholic High School and have fun!
